

# NATIONAL INSTITUTE OF MANAGEMENT RESEARCH AND TECHNOLOGY

**Dear Students,**

Welcome to **NATIONAL INSTITUTE OF MANAGEMENT RESEARCH AND TECHNOLOGY (NIMRT)**

**WE ARE**

One of the fastest growing Engineering, Management and Computer Institutions in the country and are renowned for offering excellent quality education systems throughout the country. Our Regular courses are continuously providing an excellent advantage for the bright future. Our study curriculum is designed as per the international education system that meets international company's requirements. Further we continuously focus on placing our students in well established organizations by grooming their knowledge and interpersonal skills.

Our main aim is to provide international quality education to each and every student and offer them a bright future with these skills. I am quite confident in each and every student of NIMRT for enhancing their level with respect to today's market requirement. I wish each and every student a bright future in their professional career.

Regards,

**Director NIMRT**

**NATIONAL INSTITUTE OF MANAGEMENT RESEARCH AND TECHNOLOGY (NIMRT)** is one of the top ranking Institute in the field of Engineering, Management and Computer offering a wide array of undergraduate and postgraduate courses. These courses are designed to provide a bright future to every student with complete management concepts and business specifics. Further the well equipped laboratories of Engineering, Management and Computer enables students to get the complete focus of industrial working aspects.

Established in the year 1998, which is registered with Govt. of India. We are a member of NIMRT-ATMA (association of Indian management school), it is also an ISO 9001:2008 certified by KVQA, India and NORSK akkreditering of Norway and also certified by UKAS {united kingdom accreditation service} for maintaining quality standards in distance learning education.

Our vision is to carve every student for the top business and engineering organization. Further, our engineering courses include Computer science engineering (CSE), Electronic & communication engineering (ECE), Civil engineering, Chemical engineering, Electrical engineering, Electronics engineering, Automobile engineering, Mechanical engineering and others.

The advanced course curriculum is designed to provide in-depth knowledge of current industrial processes which leads to excellent placement records among all Engineering and Management institutes throughout the country. Success is our commitment and we have been working towards it since the inception of this Institute.

Our regular courses in the Management, Engineering and Computer sector enables every student to compete in today's business and engineering sector throughout the world. We not only focus on the study curriculum but also provide complete industrial training with fully interpersonal skills which is mostly demanded these days in every small and large scale organization.

## WHY NIMRT

- High quality education system that meets most competitive market environment
- Best career opportunity to each and every student as per the candidate skills and knowledge sets. Right path for the bright future.
- Besides learning grooming interpersonal skills and extracurricular activities which are most demanded in competitive organizations.
- Industrial training from several large scale organizations that enable each and every student to learn the working process inside the organization.

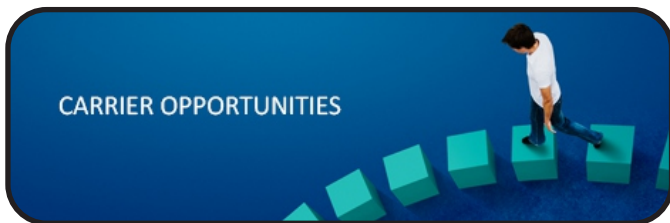

## MISSION

We are committed towards the success of each and every student and we are going to a renowned institute in top international Engineering, Management and Computer institutions with enthusiasm. to become a one of the will shows our spirit and We would like to bring international Engineering, Management and Computer education system in our education system that will provide a unique opportunity to our students in several international organizations throughout the world Our vision is to develop each and every student in various segments such as excellence pursuits, technical skills, research & development, teamwork and many more. Bringing an advanced education system in study curriculum with top ranking placements are our primary goals.

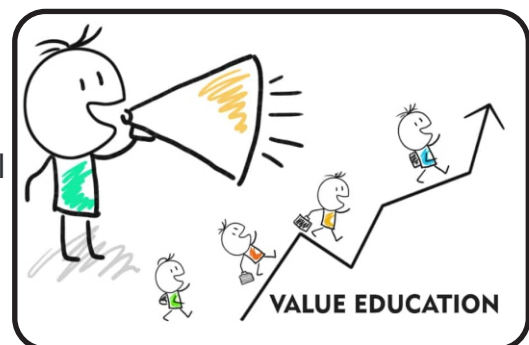

## CAREER OPPORTUNITIES

Each and every Courses of NIRMT is designed as per the Industrial requirement. We provide a well planned and competitive education system to our students which are defined as to groom working knowledge of industry. We shape each and every student for the current market requirements and for this we provide several kinds of skills set training to students with regular periods of time. We divert each and every student as per their respective field of interest.

Our well defined education system enables every student to make their career bright for the future. We upgrade our education courses every year with respect to the national and international education system that meets the requirements of several national and international organizations.

We are dedicated towards offering a high standard education system in the Engineering, Management and Computer sector through regular. Our well professional and highly experienced faculty provides in depth knowledge of complete subjects which are helpful in several industries for the future projects. We believe in placing each and every student of NIMRT in several international organizations which results in our success.

**NATIONAL INSTITUTE OF MANAGEMENT RESEARCH AND TECHNOLOGY (NIMRT)** is a competent authority (self financing) itself to impart certification based on their (students) experience to meet the educational standard of the courses as laid down by the institute to which a student wishing/wished for admission.
